## OURWORK

“

Through their experience and extensive knowledge, Promec were able to interpret our ideas and produce a superb end product, well designed, well built, carefully installed, on schedule and at a competitive price.

*Rob Taylor*

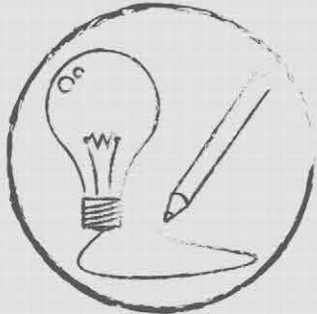

Promec Design offer a vast and comprehensive range of in-house services which cover every aspect of any project both large and small. Our design and planning services provide our clients with an insight into how the final project will look and function as well as highlighting any potential issues. This is achieved with state of the art 2D and 3D CAD facilities, which allow us to design and plan the project down to the finest detail. The Promec Design team are happy to liaise with local authorities and architects on our clients behalf regarding planning and regulations.

flooring

We specialise in contemporary styled kitchens accentuated with stunning materials and finishes. Our kitchen cabinetry is of the highest quality and made in-house at our manufacturing facility in Bridgnorth, Shropshire. We can offer a range of cabinet fronts in a variety of colours or woodgrain finishes, with stunning solid surface worktops as standard. If you really want to bring your kitchen to life we can integrate custom under unit or worktop lighting.

# OUR KITCHENS

Kitchens are often regarded as the heart of the home, we take pride in offering well designed and stylish custom kitchens. The key to kitchen design is usability, every aspect of our kitchen design and planning is considered and we work closely with the client to provide a kitchen to suit them. Promec Design has the advantage of being both flexible and competitive whilst providing a fully bespoke fitted kitchen.

## OUR BEDROOMS

Promec Design bedrooms encompass both comfort and style, providing a relaxing retreat. From full interior design down to the smallest detail we will help you to achieve your dream bedroom. One of the key practical considerations in a bedroom is storage. With this in mind Promec Design have many integrated storage solutions at hand to keep everything neat and tidy.

## OUR BATHROOMS

As well as a room to undergo our daily cleaning routine a bathroom should be a space for relaxation. Promec Design produce decadent bathroom designs which incorporate beautiful materials and modern sanitaryware. An important consideration with bathroom design is cleaning, hygiene and maintenance, this is always at the forefront when specifying for bathrooms.

Promec Design counters are designed with aesthetics in mind as well as function, with various straight or curved sections as desired. The form of the counter can be enhanced with rich materials, finishes and colours to make it the focal point of any reception area. Promec Design are happy to design and manufacture a counter to suit an existing scheme or we can provide a full reception makeover.

## OUR RECEPTIONS

The reception counter is usually the first point of contact for you clients/customers, make an impact with a Promec Design bespoke counter. Designed to suit the needs of the people in front and behind the counter, we take great care in designing functional and easily accessible counters to fit any space.

## OUR OFFICES

Inject some style into your office environment! We can provide a range of custom made office furniture for your workspace including: desks, pedestals, storage and archive units, conference tables and more. Manufactured and installed to suit your working needs in providing a relaxing and functional workspace.

## OUR OUTDOORS

We take the high quality of our indoor furniture and finishes to the outdoors with an emphasis on style and durability. Our outdoor furniture is designed to weather the elements and still look great. Transform your garden or outdoor area with some Promec Design magic.

## DESIGN&PLANNING

Our interiors and furniture are designed specifically to suit our clients requirements. We believe in working closely with our clients to ensure that their vision is realised and expectations surpassed.

We offer a comprehensive design service including: initial client meeting and survey, planning permission and building regs (if required), 2D CAD floor plan and elevation drawing, 3D visualisation, final manufacturing and service drawings. All these services are provided as part of the Promec Design package.

## MATERIALS&FINISHES

You certainly won't be stuck for choice if you choose Promec Design. We have a vast range of styles (modern and traditional), materials, finishes and ironmongery we can offer.

We offer a range of beautiful solid surface worktops which can really make a kitchen stand-out. Vinyl wrapped doors in a range of styles and finishes are both stunning and practical. Our ironmongery ranges are high quality and durable. We can also offer a variety of extras including: unique storage solutions and built-in sound systems and charge points.

## CUSTOM MADE

Here at Promec we pride ourselves on our craftsmanship. All of our cabinetry and furniture is manufactured in-house at our factory unit just outside Bridgnorth, Shropshire. Our team of experienced joiners can tackle any project with an emphasis on quality and durability.

We have certified solid surface manufacturing and joinery facilities on-site. This allows us to have full control over the manufacturing process without the reliance on sub-contractors, meaning we can deliver on time and on budget without a hitch.

## BUILD&INSTALLATION

Unlike many interior companies out there we provide a building services delivered by our in-house build team. They have many years of experience in the building trade and you can expect the same high level of service from our build team.

If you are looking to extend your current property the Promec build team is on hand to help. We can take the hassle out of any build project by taking care of everything for you from planning through to the final handover.
